

## Attestation E1-581

Herewith it is confirmed that in the first half of 2018, performed on 16.05.2018, a regular supervision of the product

### Birch Plywood EN 636-1

plywood, birch, melamine-urea-formaldehyde (MUF), unfaced  
in the thickness range: > 12 mm ≤ 25 mm

manufactured by

**A/S Latvijas Finieris  
mill "Lignums"  
Finiera iela 6  
1016 Riga  
Latvia**

was carried out by the approved supervision body (NDS08)

### Fraunhofer Institute for Wood Research

Wilhelm-Klauditz-Institut WKI  
Bienroder Weg 54E, 38108 Braunschweig, Germany

according to supervision contract no. 581 dated 20 August 2013. It was found that the requirements on personal and equipment are suitable to produce the product in an adequate way and the factory production control meets the requirements of the "Regulation on the classification and external supervision of wood-based panels regarding formaldehyde emission (DIBt - Guideline 100)" dated June 1994. This attestation is part of the evaluation report. The continuous external supervision of factory production control shall take place twice a year.

## Attestation E1-221

Herewith it is confirmed that in the first half of 2018, performed on 16.05.2018, a regular supervision of the product

### Birch plywood EN 636-2

plywood, birch, phenolic-formaldehyde (PF), unfaced  
in the thickness range: 12 mm ≤ 25 mm

manufactured by

**A/S Latvijas Finieris  
mill "Lignums"  
Finiera iela 6  
1016 Riga  
Latvia**

was carried out by the approved supervision body (NDS08)

### Fraunhofer Institute for Wood Research

Wilhelm-Klauditz-Institut WKI  
Bienroder Weg 54E, 38108 Braunschweig, Germany

according to supervision contract no. 221 dated 11 April 1996. It was found that the requirements on personal and equipment are suitable to produce the product in an adequate way and the factory production control meets the requirements of the "Regulation on the classification and external supervision of wood-based panels regarding formaldehyde emission (DIBt - Guideline 100)" dated June 1994. This attestation is part of the evaluation report. The continuous external supervision of factory production control shall take place twice a year.
