

ATTESTATION

of conformity of factory
production control

Nr. 0765-CPR-0372-2/2024

Inspection date: October 29, 2024

In compliance with Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR), it has been stated that the construction product

Birch plywood EN 636-3 S

plywood | birch | phenolic-formaldehyde (PF)/ lignin-phenolic-formaldehyde (LPF) | $4 \text{ mm} \leq 50 \text{ mm}$
unfaced (EN 636-1 and EN 636-2) for internal use as structural components in dry and humid conditions |
laminated and edge sealed (EN 636-3) for external use as structural components

placed on market under the name or trade mark of

A/S Latvijas Finieris
mill "Lignums"
Finiera iela 6
1016 Riga
Latvia

and produced in the manufacturing plant

A/S Latvijas Finieris
mill "Lignums"
Finiera iela 6
1016 Riga
Latvia

is submitted by the manufacturer to a factory production control and that the notified body No. 0765 – Fraunhofer-Institut für Holzforschung, Wilhelm-Klauditz-Institut WKI – performed the continuous surveillance, assessment and approval of the factory production control in second half-year 2024.

This attestation confirms that all provisions concerning the attestation of factory production control described in Annex ZA of the standard

EN 13986:2004+A1:2015

were applied.

This attestation is part of the evaluation report and confirms the CE certificate with No. 0765-CPR-0372 in System 2+ as long as the conditions laid down in the harmonised technical specification, the manufacturing conditions in the factory or the factory production control itself are not modified significantly.
